

# REPAIR SERVICE OF FLEXIBLE ENDOSCOPES

## Flexible endoscopes repair laboratory

Our laboratory takes care of the repair of flexible Fibro and video Endoscopes as gastroscopes, colonoscopes, duodenoscopes, cystoscopes, bronchoscopes, ureterorenoscopes.

We can operate on flexible instruments produced by the main brands on the market, as Fujinon, Olympus, Pentax and soon, quickly and with highly competitive prices.

Our offer includes:

- Three months warranty on repair
- Repair of all specialized accessories for flexible endoscopes,
- Quick delivery
- Competitive prices

We offer to our customers:

scheduled maintenance plans in order to prevent failures.

Full risk maintenance contracts, with the possibility of carrying out partial repairs (excluding, including the CCD)

Final test that guarantees the safety and full operation of the instruments.

In addition, we provide our customers with a wide range of test mules that will allow you to continue working during the repairing time of the instrument given to us.
